Chandan KV

Bengaluru, Karnataka
Email: chandanchandume155@gmail.com LinkedIn: linkedin.com/in/chandan-kv-420a902b8

Professional Summary

Mechanical Engineering graduate transitioning into software development, with knowledge of Python programming, Object-Oriented Programming (OOP), SQL, HTML, CSS, JavaScript, and database management. Familiar with REST APIs, Git, debugging, and software development fundamentals. Eager to apply problem-solving and analytical skills to develop reliable software solutions and contribute to a collaborative engineering team.

Technical Skills

- **Programming:** Python, Core Python, OOP
- **Frontend:** HTML5, CSS3, JavaScript
- **Backend:** Python, REST APIs
- **Database:** SQL, MySQL
- **Tools:** Git, GitHub
- **Core Concepts:** Data Structures and Algorithms (Basics), Debugging, Problem-Solving, Software Development Life Cycle (SDLC)
- **Soft Skills:** Communication, Teamwork, Analytical Thinking

Projects

Student Management System *Python, OOP, MySQL, SQL*

- Built a student record management application using Python and MySQL.
- Implemented create, read, update, and delete operations to manage student information.
- Used SQL queries, input validation, and exception handling to manage records and handle errors.

Walnut Cracker Machine Using Drill Machine *Mechanical Design, Fabrication*

- Designed and fabricated a walnut-cracking device using a standard drill machine as the power source.
- Applied mechanical design principles to develop a practical cracking mechanism.
- Worked on component assembly and fabrication to reduce manual effort during walnut cracking.

Development of Solar-Powered Oil Extraction Machine *Mechanical Design, Renewable Energy*

- Developed a concept for a solar-powered screw-press oil extraction machine for rural applications.
- Integrated a BLDC motor, solar photovoltaic array, charge controller, and battery bank into the design.
- Explored off-grid operation and renewable energy use for small-scale oil extraction.

Internship Experience

Java Full-Stack Development Internship *QSpiders / JSpiders, Bengaluru*

- Gained exposure to HTML, CSS, JavaScript, Java, JDBC, Servlets, Spring, SQL, and MySQL.
- Practiced CRUD operations, database connectivity, debugging, and basic application development.
- Learned frontend-backend integration and version control using Git during technical training.

Courses & Training

Python Full Stack Development

- Studying Python fundamentals, object-oriented programming, and backend development.
- Practicing HTML, CSS, JavaScript, SQL, and MySQL for application development.
- Learning REST APIs, database integration, debugging, and Git-based version control.

Education

B.E. in Mechanical Engineering 2023–2026
Sri Siddhartha Institute of Technology CGPA: 7.12

Diploma in Mechanical Engineering 2019–2022
Government Polytechnic, Turuvekere 68%

SSLC 2017–2019
Sri Vasavi Vidya Samsthe, Sira 77.12%

Certifications & Participation

- NPTEL Certification – Soft Skills Development
- Online Certification – Introduction to Cyber Security

Languages

English, Kannada, Hindi
